

You Can Save Money and Energy with a Water Softener!

The following is an estimation of savings for a family of four with ten grains per gallon of water hardness with the installation of a water softener...

	Est Annual Cost	Possible % Savings	Savings	
			Month	Year
Soap and cleaning products - laundry, cleaning, dishwashing, bathing, shampoo, conditioner, shaving and other personal care	\$1,000	40%	\$33	\$400
Gas and electric consumption - heat loss due to scaling	\$500	30%	\$12	\$150
Making Washable items last longer - clothes, towels and linens	\$741	20%	\$12	\$145
Plumbing and appliances - repair and replacement of water using appliances, pipes and faucets	\$300	75%	\$19	\$225
	Total Savings		\$76	\$920

So you can see that a Water Softener will save you \$76 a month, but how much does it cost? Our top of the line, metered Water Softener with chlorine removal, installed, with all taxes included would cost you under \$35 per month! That's right, not only would the softener be FREE you would ***save an additional \$41 per month!*** Call your Water Store Group store today to arrange Your **Free In-Home Water Test Today!**
